

Professional Summary

- Software Engineering student at NED University with strong foundations in programming and object-oriented design.
- Experienced in developing applications using Python, C++, and ASP.NET MVC.
- Demonstrates analytical thinking through system design, problem-solving, and structured implementation.
- Eager to learn and contribute across software development and related domains in a professional environment.

Technical Projects

Cosmic Clash, Python & Pygame

- Developed a 2D Space Invaders-style game using Python and Pygame.
- Implemented enemy movement, collision detection, and scoring system.
- Applied game loop logic and event handling for interactive gameplay.
- Maintained modular and reusable code structure.

Goal Rush, C++ & Raylib

- Built a 2D football game using C++ and Raylib.
- Applied OOP concepts including inheritance and polymorphism.
- Designed player roles with class-based structure.
- Implemented movement, collision detection, and scoring mechanics.

Campus Nest, ASP.NET MVC

- Developed a Hostel Management System using ASP.NET MVC.
- Implemented student registration, fee management, and administrative modules.
- Applied MVC architecture to ensure structured and scalable development.
- Integrated a database using Microsoft SQL Server for efficient data storage and management.
- Worked on backend logic and database operations to handle application data effectively.

Technical Skills & Core Competencies

Programming	Python, C++
Web & FWs	HTML, CSS, ASP.NET MVC (Basic)
Databases	MySQL, Oracle (Basic)
Concepts	Object-Oriented Programming (OOP), Data Structures (Basic)
Tools	GitHub, VS Code, Git
Core Comp.	Competitive Programming, Problem Solving

Education

2024–2028	B.E. Software Engineering , NED University of Engineering and Technology
2022–2024	HSSC Pre-Engineering , Adamjee Govt. Science College, 88%

Achievements

- 1st Position - Merit List, NED University
- 2nd Position - BIEK HSC I (Pre-Engineering)
- Winner - Code Sphere 2.0 Programming Competition (Sponsor: Contour and Goodcore)
- Solved 100+ problems on LeetCode
